

Editor

7. Associate Editor (for Europe) for the International Journal of Distributed Sensor Networks (IJDSN), Taylor and Francis (since 2008).
6. Associate Editor of the Journal IEEE Transactions on Computers (TC) (since 2006).
5. Co-Editor (with Luciano Bononi) of the Special Issue on "Mobility Management and Wireless Access" of the Wireless Communications and Mobile Computing (WMC) Journal, Wiley, to appear in 2008.
4. Co-Editor (with Jose Rolim) of the Special Issue of the Theoretical Computer Science (TCS) Journal on "Foundational Aspects of Wireless Sensor Networks", Elsevier, to appear in 2008.
3. Area Editor ("ad hoc mobile networks and smart-dust, network reliability and stability") for the International Journal of Distributed Sensor Networks (IJDSN), Taylor and Francis (since 2005).
2. Editor of the Special Issue of the Journal of Experimental Algorithmics (JEA) on selected papers of the 4th International Workshop on Efficient and Experimental Algorithms, 2006.
1. Co-Editor (with Jose Rolim) of the Special Issue of the Theoretical Computer Science (TCS) Journal on "Algorithmic Aspects of Wireless Sensor Networks", Elsevier, Volume TCS 5604, 2005.

Reviewer

14. Reviewer for the Theoretical Computer Science (TCS) Journal
13. Reviewer for the Journal of Parallel and Distributed Computing (JPDC)
12. Reviewer for the Theory of Computing Systems (TOCS) Journal
11. Reviewer for the Mathematical Reviews (MR) Journal
10. Reviewer for the Parallel Processing Letters (PPL) Journal
9. Reviewer for the Graphs and Combinatorics Journal
8. Reviewer for the Wireless Computing Journal
7. Reviewer for the Mobile Networks and Applications (MONET) Journal
6. Reviewer for the IEEE Transactions on Parallel and Distributed Systems Journal.
5. Reviewer for the Journal on Wireless Communications and Networking (EURASIP JWCN)
4. Reviewer for the Journal of Systems and Software
3. Reviewer for the IEEE Communications Magazine
2. Reviewer for the Systems, Man and Cybernetics Journal

1. Reviewer for the Society for Modeling and Simulation International Journal
